

Time Marches on.

One of our Club's founders has passed.

Club member Robert Reimherr died of natural causes Tuesday at Banner Baywood Medical Center in Mesa. He turned 91 in March.

Robert had been admitted two weeks ago, two days after attending his last club meeting in our lab.

Robert was one of the founders of this club in 1998 -- and the computer club at Mesa Regal six years earlier.

We will all miss his friendship and assistance with our Club
